

We are Read Easy

Read Easy is a national charity providing free, a one-to-one and confidential learning programme for adults who either cannot read or have reading difficulties.

Research shows that it is possible that as many as 16% of the adult population of the UK either cannot read or have reading difficulties.

It is our purpose to help those individuals suffering in this way by providing free, one to one learning in a confidential environment.

Doing so will enable those learners to improve their social status, their employment prospects and, above all, their mental health and self esteem.

Think how difficult it must be suffering the inability to read simple instructions and potentially dangerous instructions if they involve medication, how to complete a job application, read a bus or train timetable or road directions. If you know of anybody who seems to have difficulties in this area maybe a quiet word letting them know that free help is available might be the spur to help them improve their lives.

Our service is a volunteer led service and if you think you could give an hour or so a week to help in this work please contact me for a chat about how you can help people improve their lives..

Please help us to help adults to improve reading skills

If you would like to discuss the matter further please
call me, Richard Clear on
