

Assertion 10 - Digital and data compliance (Assertion 10 added to clarify data compliance, previously covered under Assertion 3) **Note: Assertion 10 will not appear on the AGAR until 2025-26**

To warrant a positive response to this assertion, the authority needs to have taken the following actions:

1.47 Email management - Every authority must have a generic email account hosted on an authority owned domain, for example clerk@abcparishcouncil.gov.uk or clerk@abcparishcouncil.org.uk rather than abcparishclerk@gmail.com or abcparishclerk@outlook.com for example.

1.48 All smaller authorities (excluding parish meetings) must meet legal requirements for all existing websites regardless of what domain is being used.

1.49 All websites must meet the [Web Content Accessibility Guidelines 2.2 AA](#) and the [Public Sector Bodies \(Websites and Mobile Applications\) \(No. 2\) Accessibility Regulations 2018](#) (where applicable).

1.50 All websites must include published documentation as specified in the [Freedom of Information Act 2000](#) and the [Transparency code for smaller authorities](#) (where applicable).

1.51 All smaller authorities, including parish meetings, must follow both the [General Data Protection Regulation \(GDPR\) 2016](#) and the [Data Protection Act \(DPA\) 2018](#).

1.52 All smaller authorities, including parish meetings, must process personal data with care and in line with the principles of data protection.

1.53 [The DPA 2018](#) supplements the [GDPR](#) and classifies an authority as both a Data Controller and a Data Processor.

1.54 All smaller authorities (excluding parish meetings) must also have an IT policy. This explains how everyone - clerks, members and other staff - should conduct authority business in a secure and legal way when using IT equipment and software. This relates to the use of authority-owned and personal equipment.
